Recognized at the POLY/PMSE Awards Reception
Wednesday, March 24, 2010
5:30-8:00 pm
Hilton Union Square Hotel - Continental 6

This new award recognizes Fellows of the Division of Polymer Chemistry who have diverse contributions and may focus their efforts either on scientific accomplishments or service to the profession, or both. POLY seeks to recognize excellence in all ways that POLY members advance our field for polymer science. To inaugurate the Fellows programs, a group of 59 distinguished past recipients of POLY awards, listed above, have been induced as founding POLY Fellows.
